

Simplifying Audits

Your administrative needs are as unique as your business.

Underwriting Audits

We can review the effectiveness of an underwriting operation and provide feedback that improves efficiency and profitability.

Aggregate Stop Loss Claim Audits

Our team reviews TPA calculations of aggregate excess claims in-house or on-site and makes recommendations ensuring compliance with plan, policy and other requirements.

Premium Audits

HRMP's experienced staff ensures that all premium functions are handled as intended and according to industry standards.

Operational Audits

Our skilled consultants help you make the operational changes needed to become more efficient, organized and attractive to risk partners.

Third-Party Administrator Reviews

We work with TPAs to analyze processes and implement cost-effective solutions.

Back Office Services

HRMP can support your organization's A&H business by offering a turnkey solution for premium administration, claims administration, policy issuance and even actuarial support.

Since 1990...Our success can only follow yours.®
